

**Senator Robert P. Casey, Jr.**  
**Case Information and Privacy Act Release Form**  
Please return to our office either by email, fax, or U.S. mail.  
**Office of Senator Robert P. Casey, Jr.**  
**22 South Third Street, Suite 6-A**  
**Harrisburg, PA 17101**  
**(717) 231-7542 (fax)**

The Privacy Act of 1974 is a federal law designed to protect you from any unauthorized use and exchange of personal information by federal agencies. Any information that a federal agency has on file regarding your dealings with the United States government may not, with a few exceptions, be given to another agency or Member of Congress without your written permission. Family members, friends, or other interested parties generally may not authorize on your behalf the release of information covered by the Privacy Act.

I hereby request the assistance of the office of **Senator Robert P. Casey, Jr.**, to resolve the matter described on page 2 of this document. I authorize **Senator Casey and his staff** to receive any information they might need to provide this assistance.

I certify that the information I have provided to **Senator Casey and his staff** is true and accurate to the best of my knowledge and belief. The assistance I have requested from **Senator Casey's office** is ~~in accordance with~~ not a request to make a violation of federal, state, or local law.

SIGNED Ex. 6 - Personal Privacy DATE: 6/12/10

Please describe the problem for which you are requesting assistance. You may attach additional sheets if necessary. Any documents sent to this office will be electronically archived and the documents will be destroyed. Do not send originals.

The drilling/fracking as approved by DEP has the potential to drastically damage our magnificent 78 acre lake including the unpolluted, potable water and well supply, the fish and wildlife inhabitants, and human health and living conditions, as well as the property values of the 50+ property owners.

The recent drilling catastrophes experienced in the adjacent properties in Dimock have caused well explosions, methane and chemical pollution of wells and properties, and resulted in major law suits against Cabot Oil & Gas and their agents.

This disasterous potential certainly requires a further analysis and examination, as it ultimately could save devastating environmental impacts, social and living upheaval, as well as short and long term medical complications.

At this time, DEP has denied our multiple, documented requests for: (1) an environmental impact study; (2) a re-examination of the patently invalid drilling permit and gas lease; and, (3) a stay or moratorium until #'s 1 and 2 are completed and EPA completes its examination and study of the effects of the fracking process. My recent calls to DEP's permit and enforcement office in Meadville, PA even denied that a drilling permit was issued or pending for the Warriner #2 well which will proceed beneath the bottom of the Lake.

Accordingly, we respectfully request EPA to fully re-examine the drilling/fracking permitted process as it involves Elk Lake (the large lake) and impose such conditions as necessary to avoid potential and devastating environmental and human impacts on it's water supply, wildlife habitat, area residents and property owners.
